Name game / supermarket

Remember:
When Babies and Children are having fun it is a great time for learning. So remember, you only have to play this for as long as the children are enjoying it.

How to Play:
- *Head outside, or tour inside, with your baby and find things to look at together.*
- *When your baby sees something, point to it and tell them the name, it's ok to repeat words.*
- *If your baby makes a sound, try copying it back to them and telling them the name of the item again.*
- *Your baby might find it hard to see and engage with objects in the world around them as they might just be a little bit too far away; you can show them to your baby and tell them the name; this will help them to engage with you and the items.*
- *Why not try this whilst you're out shopping? It's also a great game for older siblings to play with their little brother or sister.*
