Let's build

You will need:
Lots of different blocks to build with – big enough for babies to hold and not small enough to swallow!

Remember:
When babies and children are having fun, it is a great time for learning.
So remember, you only have to play this for as long as the children are enjoying it.

How to play:
- *Sit face to face with your baby, with some blocks between you.*
- *Explore the blocks, let your baby play with them as long as they want if they reach out and show interest.*
- *Put one block on another and see if your baby is interested. If so, make a little tower and gently knock it down – show how exciting and interesting this is.*
- *Make sure that the whole time that you're playing you are talking to your baby about what you see and feel.*
