

Far

If we bring our hearts together
Then we can make the world much better
We will learn together we'll go far.
Colours of the pretty rainbow
Red gold green and even indigo,
We will learn together we'll go far

Courage and hope, we won't let go
Qualities well need forever and let love grow

If we bring our hearts together
Then we can make the world much better
We will learn together we'll go far.
Colours of the pretty rainbow
Red gold green and even indigo,
We will learn together we'll go far

Learning the purpose of life,
We all need love to survive,
If you choose to play your part we'll UNITE!
Courage and hope, we won't let go
Qualities we'll need forever and let love grow

Colours of the pretty rainbow,
Red gold green and even indigo,
We will learn together we'll go far.
