

Bring the Noise

Ride into school on my new crazy scooter
Flying past people gettin' air, lookin' super

Sunglasses on with my favourite shoes
My friends all shout saying 'Woah that's cool!'

Backflip onto my drum kit, triple hit
Playing like a rockstar, louder than a race car

We jump, we shout, we let it all out
Turn up the volume, show us what you're about!

You know what time it is, if not I'll tell you so
Bring the noise! Bring the noise!
Come on and feel the beat to make you stamp your feet
Bring the noise! Bring the noise!

Laaa La-La, La-La-La, La-La-La
Laaa La-La, La-La-La, La-La-La

Bring the noise!
