

Activity 2: Character

This activity involves designing a character around a line of dialogue. The chosen line will be revealed live during the lesson.

Fill in the character chart below to start building a character for your story. Think about the purpose of your story, who or what would say the line and the situation they would say it in.

Send us your ideas and they could be featured on our Live Lesson. Simply ask your teacher to email them to live.lessons@bbc.co.uk or use the hashtag **#bbclivelessons**.
