

A cat came dancing

A cat came dancing out out of the barn,
With a fiddle under her arm.
She could play nothing but fiddle-cum-fee,
The mouse has married the bumble bee.
Play cat, dance mouse,
We'll have a jig in our good house.
Play cat, dance mouse,
We'll have a jig in our good house.

A pig came dancing out out of the barn,
With a drum under his arm.
He could play nothing but diddle-dum-dee,
The mouse has married the bumble bee.
Play cat, dance mouse,
We'll have a jig in our good house.
Play cat, dance mouse,
We'll have a jig in our good house.

A cow came dancing out out of the barn,
With a horn under her arm.
She could play nothing but tootle-tum-tee,
The mouse has married the bumble bee.
Play cat, dance mouse,
We'll have a jig in our good house.
Play cat, dance mouse,
We'll have a jig in our good house.
