

# How to fix a wolf's nose

**Introduction** (Use some questions here like: 'Are you a wolf with a sore nose?' or 'Do you need a quick nose fix? If so read on for a solution.')

**What will you need?** (List what the Wolf will need - bandages, plasters, medicine. What else - be creative!)

**Instructions** (These should be numbered and you could use words like: 'First', 'Next', 'Then', 'After that', 'Finally...')

**Final message** (End with a message like 'Hope it works for you!' or 'Say goodbye to your sore nose!')
