1	So, first you take an idea
	Of what you want to do
	You make a list and turn it round
	You think it through and through.

2	You chop and change the inputs
	So outputs you can fix
	Put numbers, words and zeros
	In an algorithm mix.

3	The question may be simple
	The answer may be fun
	If you've computer memory
	Then let it run and run.
