

Friends

*Friends, friends, we all help one another,
Friends, friends, it's good to care.
Friends, friends, we listen to each other,
Let's be kind and let's all share.*

1 A good friend makes you laugh and smile
As you work and as you play.
In rain and sunshine
Wind and snow
They'll help you through your day
So be kind to each other
And be careful what you say
If we can learn to get along
We'll have a lovely day.

*Friends, friends, we all help one another,
Friends, friends, it's good to care.
Friends, friends, we listen to each other,
Let's be kind and let's all share.*

2 A good friend makes you laugh and smile
As you work and as you play.
In rain and sunshine,
Wind and snow,
They'll help you through your day.
So be kind to each other
And be careful what you say.
If we can learn to get along
We'll have a lovely day.
