

Birds of the North

Chorus

Birds of the North
Swooping, swerving
Birds of the North
Turning, curving
Birds of the North
Wing-shapes shifting
Birds of the North
Windward drifting...

- 1 Sparrow and Falcon
And Swallow and Swan
Tree, mountain, lake
Till it's time to be gone.

Birds of the North... (etc)

- 2 Raven and Eagle
And small birds that sing
Summer and Autumn
And Winter and Spring...

Birds of the North... (etc)

- 3 Seagull and Curlew
Call out as you glide
Sail with the clouds
And then turn with the tide...

Shhhhh Shhhhh
Shhhhh Shhhhh
Shhhhh Shhhhh
Shhhhh Shhhhh

Birds of the North
Swooping, swerving
Birds of the North
Turning, curving
Birds of the North
Wing-shapes shifting
Birds of the North

Windward drifting...
Windward drifting...
Windward drifting...
Windward drifting...
