

Using an index

This is a page from an index. Have a go at answering the questions below:

1. What sort of book does this index come from?

2. If you wanted to check what grows well on the soil in your garden, what page would you turn to?

3. If you were troubled with a disease on your roses, what page might be helpful?

3. If you wanted to do some building work in your garden, what page might help you?

4. If you didn't have a garden, but wanted to grow something on your small patio, what page might be useful? . _____

5. If you wanted some spring colour in your garden, is there anything here that might give you some ideas?. _____
