

### Practice sheet with suggested words

Below are some words about computers to **practise your spelling**.

1. Look carefully at the word.
2. Say the word out loud to yourself.
3. Fold the page over where shown to cover the original word  
(see diagram, right).
4. Write the word in the first column.
5. Check the word with the original.
6. Use the other columns for further practice.
