

Using the right verb

Sometimes it's better to use a more **expressive** word to give a better idea of what you mean.

Put these verbs in the columns below under their basic meaning.

to whisper	to stare	to stagger	to mutter	to stroll
to gape	to state	to tiptoe	to shuffle	to stride
to announce	to glare	to amble	to stress	to beg
to prowl	to glower	to promise	to snap	to search
to remark	to peep	to hobble	to plod	to glance

To walk	To say	To look

Now write a story using as many of these verbs as you can.
