

Writing childcare instructions

Create a poster for some children's bathrooms, giving them **clear instructions** on washing their hands after going to the toilet. Photos will be included but you must write the instructions. Your audience is young children, so be sure to use **simple language**. Also create an **appropriate heading** for the poster.

1. _____

2. _____

3. _____

4. _____

5. _____

6. _____

Taking it further

Think about other posters that you could create for a nursery.
