## How do ghost stories create mystery and suspense?

Ghost stories are designed to frighten and surprise the reader. *The Little One* has several features that a reader expects from a ghost story.

**Setting:** The story is mainly set in a creepy manor house.

**Secrets:** One character (Margaret) has a secret which another character (Barbara) wants to reveal.

**Unexplained events:** Barbara becomes aware of unexplained noises and a hidden presence in the house.

**A twist in the tale:** Barbara's life changes, but perhaps not in the way she – or the reader – expects!
