

Beyond the Bounty – Finding out more

In *Beyond the Bounty* by Tony Parsons, the mutineers thought they had found a place of safety as the island of Pitcairn didn't appear on the maps of the time.

Satellite images show how isolated the island is.

The descendants of the mutineers still live in Pitcairn. Their surnames can be traced directly back to the Bounty mutineers.

You can find lots of information about the Bounty mutiny, the Pitcairn settlement, and present-day Pitcairn on the internet. Visit these websites to learn more:
