

Odd and even numbers

Recognising odd numbers

Cross out all the odd numbers in the box. One has been done for you.

| | | | |
|------|----------------|-----|-----|
| 1000 | 43 | 366 | 500 |
| 159 | 5 | 57 | 758 |
| 404 | 299 | 250 | 11 |

How many odd numbers are there in the box? _____

How many even numbers are there in the box? _____

How many numbers are there in the box? _____

Using odd and even numbers

You're having a party in a large room and have ordered a buffet. Each type of food has come on a large serving tray.

You want to have a table of food at each end of the room, so you decide to split the contents of each tray onto two smaller plates.

Complete the information in the table. Two rows have been done for you.

| Food | Number on tray | Odd or even number of food items? | Number when split onto two plates | |
|-----------------------|----------------|-----------------------------------|-----------------------------------|----|
| Cheese sandwiches | 24 | Even | 12 | 12 |
| Cocktail sausages | 69 | Odd | 35 | 34 |
| Sausage rolls | 43 | | | |
| Strawberry shortcakes | 28 | | | |
| Vegetable samosas | 46 | | | |
| Ham sandwiches | 25 | | | |
| Mini pizzas | 30 | | | |
