

Reading and writing numbers from facts

Choose one number from the box to match each fact. Then write the answer out in words. The first one's been done for you.

You can also do this as a matching exercise - see the worksheet **Reading and writing numbers from facts - matching exercise**.

325	1000	366	500	1056
785	404	299	250	330
2500	701	400	147	64

The number of years in a millennium	1,000	One thousand
