

## Booking a holiday

You are going away for a week. You have 10 days of holiday left at work. A week away will take 5 work days. How many days of holiday have you got left?

You can check your answer if you add back the number you subtracted.

$$10 - 5 = 5$$

$$5 + 5 = 10$$

On page 2 there are other numbers to try subtracting from ten.

Following the example on page 1, fill in the table below.

Subtract the numbers from ten to get your answer.				
Holiday allowance	-	Days off	=	Days left
10	-	1	=	
10	-	6	=	
10	-	3	=	
10	-	8	=	
10	-	2	=	
10	-	4	=	
10	-	9	=	
10	-	7	=	

Check your answer by adding it back to make ten.				
Days left	+	Days off	=	Holiday allowance
	+	1	=	10
	+	6	=	10
	+	3	=	10
	+	8	=	10
	+	2	=	10
	+	4	=	10
	+	9	=	10
	+	7	=	10
