

Doubling

Use **doubling** to multiply the amounts below. Remember to **double one number**, then **halve the answer**. For example:

45 × 5 is the same as:

45 × 10 = 450 halved

450 ÷ 2 = **225**

1. 26×5

5. 65×5

2. 84×5

6. 33×5

3. 77×5

7. 52×5

4. 43×5

8. 94×5
