

Division: matching activity

The cards below show calculations, illustrations and answers to division questions. Cut out the cards and then match them up.

For example, the following cards match:

 <p>Eight divided by four</p>	$8 \div 4$	<p>2</p>
 <p>How many fives in twenty?</p>	$100 \div 10$	<p>7</p>
 <p>Seven groups of five</p>	$32 \div 4$	<p>14</p>
 <p>One hundred divided by ten</p>	$14 \div 2$	<p>4</p>
 <p>Six groups of six</p>	$14 \div 1$	<p>9</p>
 <p>How many twos in fourteen?</p>	$27 \div 3$	<p>10</p>
 <p>How many ones in fourteen?</p>	$36 \div 6$	<p>8</p>
 <p>Four groups of eight</p>	$35 \div 7$	<p>6</p>
 <p>Twenty seven divided by three</p>	$20 \div 5$	<p>5</p>
