

## Dividing amounts by 10 and 100

Complete the table by **converting** the amounts in **pence to £**:

Pence	£
900	
1,500	
440	
99	
3,300	
7,500	
1,995	

Calculate **10%** of the following amounts by **dividing by 10** (the first one has been done for you):

Amount	Calculation	10% of amount
£32	$32 \div 10$	£3.20
£112		
£201		
£8		
£1,050		
£0.40		

Now check your answers with the answer sheet.
