

The 6 × to 10 × times tables

Fill in the blanks in these grids to practise the 6 × to 10 × tables. You can use the grid on the 'Times-tables grid' factsheet to help you find the answers.

The first grid has been started for you. For example: $10 \times 9 = 90$.

×	10	6	7	9
9	90	54		
8	80			
7				
6				

×	7	9	6	10
8				
7				
10				
9				

×	7	9	8	10
10				
6				
7				
8				

×	9	7	6	8
8				
9				
10				
6				

Now check your answers with the answer sheet.
