

Looking for multiples

1. Which of the following numbers are multiples of 2? Put a circle around them:

11 16 54 29 41 33 60

2. Which of the following numbers are multiples of 4? Put a circle around them:

11 16 54 29 41 33 60

Compare your answers to question 2 with the answers to question 1. What do you notice? Is there anything special about the circled numbers?

3. Which of the following numbers are multiples of 3? Put a circle around them:

11 16 54 29 41 33 60

4. Which of the following numbers are multiples of 6? Put a circle around them:

11 16 54 29 41 33 60

Compare your answers to question 4 with the answers to 3. What do you notice?

Now look at all of the circled numbers - what do you notice?
