

## Calculating cost 2

Complete the tables below:

1.

<b>Step 1</b> <b>Read and understand the problem.</b>	A bus journey costs £2.50 a day. If you make the journey from Monday to Friday what is the weekly cost?
<b>Step 2</b> <b>Work out what calculations you need to do.</b>	
<b>Step 3</b> <b>Carry out the calculations and answer the problem.</b>	
<b>Step 4</b> <b>Check your answer works.</b>	

2.

<b>Step 1</b> <b>Read and understand the problem.</b>	If you paid £50 a month in car-insurance premiums, how much would you be paying each year?
<b>Step 2</b> <b>Work out what calculations you need to do.</b>	
<b>Step 3</b> <b>Carry out the calculations and answer the problem.</b>	
<b>Step 4</b> <b>Check your answer works.</b>
