

Comparing prices in two shop sales

Two shops, Centages and Frank & Co., are having sales. Compare the prices for a top, a tie and trainers.

Which shop is cheaper?

Centages Ltd		Frank & Co.
Original price £40 50% off!	Top	Was £30 Now $\frac{1}{3}$ cheaper!
Was £10 but... take 20% off!	Tie	Original price £11 Now $\frac{1}{2}$ price!
Bargain! 10% off £40	Trainers	Slash £44 by $\frac{1}{4}$!

Write down which store offers best value for each item:

Top	
Tie	
Trainers	

Now check your answers with the answer sheet.
