

Using a calendar

A calendar is an easy way to keep track of appointments, birthdays and other important dates.

 Linda	 Raj	<p>Raj and Linda keep a calendar in their kitchen.</p> <p>This page of their calendar shows you all the days in August 2007. At the end of the year they will buy a new calendar.</p> <p>The day of the week for each date will change in 2008.</p>
--	--	---

Let's look at their calendar:

- Their calendar starts the week on a Monday. The first column is a Monday. So 6, 13, 20 and 27 August, are all Mondays.
- Linda and Raj have shaded in their summer holiday dates. They have a two-week holiday starting on Saturday 4 August and finishing 14 days later.
- Linda's birthday is 28 August. To see which day of the week it is, look up to the top of the column. Linda's birthday is on a Tue, or Tuesday.
- The last day - 31 August, is on the Friday. When they turn over the calendar to September it will be 1 September, a Saturday.

AUGUST 2007						
MON	TUE	WED	THU	FRI	SAT	SUN
		1	2	3	4 Spain! ☺	5
6	7	8	9	10	11	12
13	14	15	16	17	18 End of holiday ☹	19
20 Back to work!	21	22	23	24 Raj - dentist 4.00pm	25	26
27 BANK HOLIDAY	28 Linda's b'day	29	30	31
