

Writing your own postcard - answers

Your postcard may be similar to this.

Frances,

We are having a wonderful time. The children disappear most of the day - they seem to be having great fun.

Bill is enjoying the water sports - he has even tried water-skiing! I am spending my time sunbathing and reading.

Bill wanted to do some sightseeing but had a few problems with the car. He took a little while to get the hang of driving it!

We/he drove it into a field, which upset some local people. They were rather cross about the damaged grape vines. I am going to stick with the sunbathing.

Wish you were here!

Love Julie xx
