

Making sentences - answers

Here are the words in the right order:

1. It is very important to find the best order of words.
2. You need to make the sentence as clear as possible for the reader.
3. You should be able to hold the whole sentence in your head before writing it down.
4. If you can't hold the sentence in your head, it is too long.
5. Fluency in sentence construction is one of the most important skills in writing.
6. Words need to be juggled until they are in the best order.
7. In this way the sentence can be most easily understood.
8. It takes plenty of practice to find the best order of words.
