

## Writing a recipe - answers

Here are the instructions for making a pudding. The best option for each step is given below.

1. Crush two packets of ginger biscuits with a rolling pin and put them in a bowl.
2. Then pour in some orange juice (enough to make the mixture sticky) and stir.
3. Next, put a layer of the biscuit mixture into a glass bowl.
4. Then cover the mixture with a layer of satsumas.
5. Put a layer of whipping cream on top of the satsumas.
6. Repeat the layers until you have used up all of the ingredients.
7. Finish with a layer of cream and decorate with more satsumas.
