

## Writing instructions - answers

Instructions are usually written in the imperative. For example:

- **Cook** for 5 minutes.
- **Mix** the paint carefully.

The original text has been re-written as a set of instructions using the imperative:

1. Remove paper sleeve.
2. Pierce lid several times.
3. Cook for 3 minutes on full power.
4. Stand for 2 minutes.
5. Stir well.
6. Cook for another 3 minutes.
