

Writing reports in early years settings - answers

Physical, social and emotional development

Sam is **making** good progress at pre-school, although he **found** it difficult to settle during his first few days. Since then he has **made** several friends and is now much **happier**.

Sam's physical development **is** very good. He **can** catch and throw a ball. Last week he **rode** a tricycle with no support. He always **helps** to get the toys out when he **arrives**.

Sam **tries** hard to take turns in games, and **enjoys** listening to stories.

Overall we **are** very happy with Sam's progress.
