

Negative situations: sorting activity - answers

Sort the questions below into groups according to whether the situation could include **negative** numbers as well as **positive**, or **not**.

Negative:

1. The outside temperature in centigrade.

4. The balance of a current account.

7. The floor of a building. (Think of lifts.)

Note to answer: the basement of a building is sometimes labelled -1

Positive:

2. The length of a table in centimetres.

3. The weight of a bag of fruit in kilograms.

5. The capacity of a bath in litres.

6. The length of a film in minutes.

8. The speed of a car.
