

Tessellations: combining shapes - answers

The answers are given below.

- Which two of these shapes can be used together as a tessellation?
Correct answer: **B and D can be used together as shown below.**

- Can these shapes be combined for a tessellation?
Correct answer: **yes. The length of each side of the small square is half the length of the large square; four small squares will replace one large one, like this:**

- Copy these shapes and use them to continue the tessellation.
Correct answer: **your tessellation should look something like the pattern below.**
