

## Garden plans - answers

Here are the answers. How did you do?

1. The garden is 18 squares long on the plan.  
Each square represents 1 m in the real garden. So the real garden is **18 metres long.**
2. The garden is **10 metres wide.**
3. The pond is **2 metres long.**
4. The end of the pond is **10 metres from the house.**

Answer to questions 5, 6, 7 and 8:
