

Reading a table: cup final results - answers

The top eight winners of the English FA cup final - 1871 to 2005

Position	Football club	Wins
1st	Manchester United	11
2nd	Arsenal	10
3rd	Tottenham Hotspur	8
4th	Aston Villa	7
5th	Blackburn Rovers	6
5th	Liverpool	6
5th	Newcastle United	6
6th	Everton	5

1. How many cup wins did Newcastle United have between 1871 and 2005? Newcastle United had **6 FA cup wins**.

To work this out, locate Newcastle United in the second column then look along this line to the third column. You will see that Newcastle have won 6 FA cups.

2. Which football club is in 4th position for this period? **Aston Villa are in 4th position**.

To find this answer look down the position column to 4th. Then look right to the **Football club** column. You should see Aston Villa.

3. How many clubs share 5th position? **Three clubs shared 5th position**.

Again, look down the **Position** column and count the number of teams in 5th position. There are 3 altogether.
