

Video	Central or big idea	Think, work and apply like a geographer	Questions to explore	Key learning outcomes
<p>KS2 Geography. A location in Europe: Füssen - Germany</p>	<p>Places have a unique range of physical and human features.</p>	<ul style="list-style-type: none"> • Compare • Sustainability • Sense of place • Reason & justify 	<ul style="list-style-type: none"> • Where is Füssen? • How is life different in rural and urban areas? • What materials are used to make houses and where do they come from? • Do different cultures have different traditions? • What are the Alps and where are they? • Are all lakes natural? • What is a hydroelectric power plant and how does it work? • Why do people visit the Alps? • How are rivers important in places like Füssen? 	<ul style="list-style-type: none"> • To know how to find Allgäu, Füssen and Bavaria on a map. • To know what life can be like in a rural Bavarian location. • To know that places have similarities and differences. • To know how to survey people for their thoughts and opinions. <p><i>This clip is relevant for teaching Key Stage 2 and 2nd Level (Scotland) students about life in other countries. The National Curriculum for Geography at Key Stage 2 emphasises study of a European location and making comparisons with a location in the United Kingdom.</i></p>
Suggested learning opportunities			Ideas for going further and links	
<p>1. Similarities and differences Pupils create a Venn diagram for the Füssen region and their own local area to compare what kinds of human and physical features are found there. Physical, satellite, political and weather maps of the areas can be used to support the information in the video. Pupils could create cards for all of the human and physical features found in the two locations, add descriptions to each and provide a score out of 10 for how essential they are to everyday life.</p> <p>2. Fun-filled Füssen! Pupils use the video to list the positives about life in Füssen and use these to create a survey to find out whether people would also love Allgäu if they were to visit. The questionnaire could find out what people like doing on their holiday.</p>			<p>Explore hydro-electricity Pupils investigate sustainable and unsustainable power sources to enable them to explain to a parent meeting why we should be supporting sustainable power generation.</p> <p>KS1/KS2 Primary Geography: Cities, towns and villages</p> <p>KS2 Geography: Urban settlements - living in a city or megacity</p> <p>KS2 Geography: Tourism</p>
