

ROCKING, ROLLING, ROMANS!

We come from Rome in Italy,
We're known for our ability
To conquer lands that others call home
And claim their countries as our own.

*We're Romans! We're Romans!
We're rocking and we're rolling, we're the Romans!
We're Romans! We're Romans!
We're rocking and we're rolling, we're the Romans!*

Chorus

Aqueducts and sanitation,
Dead straight roads for transportation,
Fast food, coins, concrete galore...
Some of the things we're remembered for!

*We're Romans! We're Romans!
We're rocking and we're rolling, we're the Romans!
We're Romans! We're Romans!
We're rocking and we're rolling, we're the Romans!*

Our banquets they are world-renowned,
They can last ten hours and we eat lying down.
Snail and dormouse, goat and boar,
We eat the lot, then call for more!

Chorus

If you're rich your home's a *domus*,
Mosaics and underfloor heat - a bonus!
The poor people cram in *insulae*,
If they could leave, they'd say 'Goodbye!'

*We're Romans! We're Romans!
We're rocking and we're rolling, we're the Romans!
We're Romans! We're Romans!
We're rocking and we're rolling, we're the Romans!*

Chorus

We love to see plays at the amphi-the-atre,
Be thrilled in the arena by gladi-ators.
Circus Maximus is great fun,
Where chariot races are lost and won!
