ACTIVITY SEVEN: QUIZ ANSWERS

Test your knowledge about what news is and the places you can find it. Correct answers are in italics and underlined.

Journalist's role

Q) Which of these best describe the job of journalist?

- 1) Someone who find and reports newsworthy stories.
- 2) Someone who watches the news.
- 3) Someone who promotes politicians and businesses.

A journalist is someone who finds newsworthy stories, creates reports and shares them with the public. Journalists do lots of different things to bring you the news, from taking pictures to doing interviews. But their core job is finding interesting, important and surprising stories that the public should hear about.

What is news?

Q) Which of these headlines is NOT news?

- 1) US President to visit UK.
- 2) Pupil drops pen during lesson.
- 3) Usain Bolt breaks 100m record.

Pupil drops pen during lesson is unlikely to be a news story. Different news programmes will often cover different stories but giving your audience something they need or want to know is the starting point for choosing the right stories. Would people be interested in a pupil who dropped a pen in class?

Q) Contacts are...

- 1) People journalists talk to when they are researching stories.
- 2) Notebooks which contain a journalist's research.

Sources

Q) What are "wires"?

- 1) A nickname for camera operators.
- 2) Another name for headlines.
- 3) Reports from journalists all over the world that news organisations pay to access.

Wires are reports from journalists all over the world that news organisations pay to access. Wire services operated by media organisations such as Associated Press and the Press Association can be a really useful source for reporters. Journalists try to find two sources when reporting a story, to increase their chances of getting the most accurate information.

Head teacher upset over school closure plan is the best choice. When she spoke to you, the head teacher didn't say the school was definitely closing and she didn't attack the council. Journalists must always tell the truth and report what people say accurately.
