

'Be scam safe!' song lyrics

Be scam safe!
Be scam safe!

Track your money, trace your spending,
Check receipts, be sure.
Don't risk not knowing where it's going,
Keep your dosh secure.

Even if a price sounds great,
Take time to check it through.
Watch out for an offer that,
Sounds too good to be true.

Stop and check - never rush,
Think before you click.
Keep your info private,
It could be a trick!

Is it true? Check it through,
Be scam safe!
Red flags stop, don't you shop!
Be scam safe!

The coins - the notes – it's money you can feel,
You can't touch online payments,
But they're every bit as real!

Watch for people phishing,
Online, not in the sea!
Guard your data like a vault,
Protect your privacy!

If they phish, don't take the bait,
Resist any temptation.
They will ask you lots of things,
To steal your information.

Stop and check - never rush,
Think before you click.
Keep your info private,
It could be a trick!

'Be scam safe!' song lyrics

Is it real? What's the deal?

Be scam safe!

Take a pause, find the cause,

Be scam safe!

Think like a detective,

Be scam safe!

What's your main objective?

Be scam safe!
