orbit

Fill in the blanks to finish
the Moon's script.

Greetings, Earthlings. I am the Moon
and welcome to my busy life!

I am part of the _____ System. At
the centre of this system is a _____
called the Sun.

All the planets _____ the Sun.

I have my own orbit too. Mine is
around _____.

You can see me in the sky because
I _____ light from the Sun.

Light always travels in _____
lines and is the fastest moving thing
in the universe.

It takes just over _____ days
for me to orbit Earth.

FINAL

CHALLENGE

Plan your own movie about the
Moon and our Solar System.
