

Activity 1: Label these plants

Using a pen or pencil, connect the labels to the correct parts of the plants.

Flower

Seed

Stem

Leaf

Roots

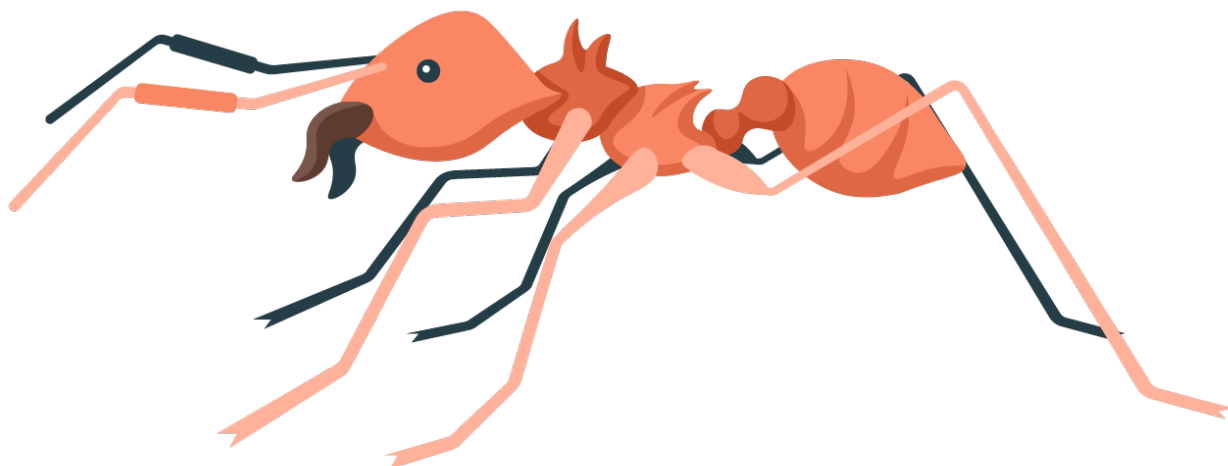

Trunk

Fruit

Branch

Activity 2: Label this leafcutter ant

Using a pen or pencil, connect the labels to the correct part on the leafcutter ant's body.

Head

Thorax

Abdomen

Legs

Antennae

Mandibles

Activity 3: Design a plant that would be irresistible to you, if you were an insect.

Plants use different ways to attract pollinating insects.

In the box below, design a plant that would attract you!
