

### Activity 1: Think about the five key elements of your favourite story

What is the opening that sets the scene?

What is the build up that gives you more detail and draws you in?

What is the climax where the tension peaks?

What is the resolution which overcomes an issue?

What is the end which explains the outcome?

### Activity 2: Write an advert for your favourite book

Does the setting  
draw you into  
the story?

What do you like  
about it and what  
will other people  
like about it?

What language  
will you use to  
convince  
someone to  
read it?

Why are the  
characters  
interesting?
