

Having your say

Listen to the audio clip **Giving an opinion on computer games**.

Notice how Brenda organises her ideas and make notes using the table below.

What does she think?

Why does she think that?

Does she give any other reasons?

What example does she give?

Does she repeat her opinion at the end?

Think about something you feel strongly about. Use the table to help organise your ideas then tell a friend what you think.

Say what you think

Say why you think that

Give another reason

Give an example

Repeat your opinion

Listen to a friend expressing his or her view on something. Do they follow the same **pattern**?

Do you agree with Brenda? Look at the worksheet **Join in a discussion** to practise responding to someone else's opinion.
