How do you convert from hours into minutes? Remember there are 60 minutes in every hour.

Take a look at these car parking prices.

How many minutes do you get for **£6.30**?

£6.30 pays for 4 hours. Each hour has 60 minutes so you get 4 lots of 60

$$4 \times 60 = \mathbf{240 \text{ minutes}}$$

There are **240 minutes in 4 hours**.

To change hours into minutes multiply by 60
