

Lists and tables glossary

Word	Description																								
Data	Information that is gathered as a result of counting or measuring something: for example, a record of the number of pupils absent from school on different days of the week could be used to produce data and represented in the form of a bar chart.																								
Frequency	How often something happens.																								
List	Information is laid out so it's easy to read: for example, a list of prices on a café menu.																								
Survey	A way of collecting raw data: for example, questioning people to find out how often they watch television.																								
Table	<p>A way of organising information in rows and columns, for example:</p> <table border="1" data-bbox="571 965 1305 1196"> <thead> <tr> <th colspan="4">Car Expenses Jan – March</th> </tr> <tr> <th></th> <th>January</th> <th>February</th> <th>March</th> </tr> </thead> <tbody> <tr> <td>Petrol</td> <td>£30.00</td> <td>£50.00</td> <td>£35.00</td> </tr> <tr> <td>Car tax</td> <td>£90.00</td> <td>£0.00</td> <td>£0.00</td> </tr> <tr> <td>Insurance</td> <td>£75.00</td> <td>£75.00</td> <td>£75.00</td> </tr> <tr> <td>Parking</td> <td>£6.50</td> <td>£12.80</td> <td>£10.40</td> </tr> </tbody> </table>	Car Expenses Jan – March					January	February	March	Petrol	£30.00	£50.00	£35.00	Car tax	£90.00	£0.00	£0.00	Insurance	£75.00	£75.00	£75.00	Parking	£6.50	£12.80	£10.40
Car Expenses Jan – March																									
	January	February	March																						
Petrol	£30.00	£50.00	£35.00																						
Car tax	£90.00	£0.00	£0.00																						
Insurance	£75.00	£75.00	£75.00																						
Parking	£6.50	£12.80	£10.40																						
Tally	A way of recording things that you're counting. I is a tally mark meaning 1 (one) and means 5 (five).																								
Title	What a list or table is about. The title of the table above is 'Car Expenses Jan-March'.																								
Scale	A measuring line, usually with equal intervals.
