Use information from the table to complete the **tally chart** below.

Name	Tally	Frequency
Matthews		
Barnaby		
Johnson		
Evans		
Singh		
	Total:	

Now show this information as a new table so that it's easy to see who scored the **most and fewest goals**. Remember that your table will need:

- a suitable **title**
- information shown in **rows** and **columns**

Now check your work and compare it with the suggested table on the answer sheet.
