

Reading a bar chart: student punctuality

Look at the bar chart below and answer the questions.

1. On two days the same number of students are late. Which days are these?

2. How many students are late on Friday?

3. On which day are the most students late?

4. Why do you think that most students are late on this day?

5. How many more students were late on Monday than on Tuesday?

Now compare your answers with those on the answer sheet.
