# Fun Facts

- Your baby can hear your voice even when they are in the womb; talk to baby, it's a great way to bond.
- When baby arrives, copy their sounds and expressions. This is how their brain starts to learn how speech works.
- They'll look into your eyes, watch your mouth and listen to your voice. All important tools for talking.

**BBC CBeebies Parenting** is here to help you give your child the best start in life.

See how they can learn from you through chat and play.
