PARENTING

Fun and easy
speech & language tips
to try at home!

Get face to face

Use simple language

Add a word

Talk about what you and your child are doing

Pause and give them time to respond

Let your little one try to say words

Repeat what they say with the right words or phrases

Use statements instead of asking lots of questions

Sing nursery rhymes and songs

Use the same words in daily routines

Name things your child can see

Ask open-ended questions
